#### 3. Adoption of new accounting standards

#### **IFRS 16 Leases**

IFRS 16 – Leases is a new standard that became effective for the Company on May 1, 2019.

IFRS 16 specifies how an issuer will recognize, measure, present and disclose leases. The standard provides a single lessee accounting model, requiring lessees to recognize assets and liabilities for all leases unless the lease term is 12 months or less, or the underlying asset has an insignificant value. Lessors continue to classify leases as operating or finance, with IFRS 16's approach to lessor accounting substantially unchanged from its predecessor, IAS 17. The adoption of IFRS 16 did not have a significant impact on its financial statements as it does not have any material leases.
